Johannes Gutenberg University Mainz (JGU) is one of the largest universities in Germany. Thanks to its location in the scientific region Rhine-Main, the university can unfold to its full potential and showcase its innovative power and dynamic. Its status as a comprehensive university allows for multidisciplinary learning and teaching and has great potential for internationally renowned, interdisciplinary research. Almost all of its institutes are located on a single campus close to the Mainz city center – creating a lively academic culture for researchers, teaching staff, and students from every continent.

Center for Quality Assurance and Development of Johannes Gutenberg University Mainz

Academic staff member
Part-time (75%)

The ZQ is an interdisciplinary scientific institution at the JGU entrusted with the development and implementation of university teaching programs in addition to evaluation, internal accreditation and projects in the field of university research and science studies. The position advertised here is in the field of higher education evaluation.

Your tasks:
- Conception and implementation of projects in the field of higher education evaluation and university research
- Development of evaluation design
- Evaluations of extensive quantitative data as well as preparation of research reports
- Participation in the preparation of applications in the field of evaluation and university research
- Independent research and writing own publications and scientific lectures in the context of higher education evaluation

Your profile:
In addition to the general requirements according to public services law, applicants must meet the recruitment requirements stipulated in § 57 of the Rhineland-Palatinate Higher Education Act.
- a successfully completed university degree, preferably in a social science or in a subject related to issues regarding higher education research
- Prerequisite German language skills at level C2
- Competences regarding quantitative and qualitative empirical social research
- Ideally, experience in the field of higher education research and evaluation
- Proactive, committed and team-oriented manner of working
- Pronounced competences in writing scientific texts

What we have to offer:
- Jobticket, optionally for the entire Rhine-Main area
- Extensive human resources development offers
- Flexible working time arrangements

The position is paid according to EG 13 TV-L and is to be filled at the earliest possible date for an initial period of two years.

If you have completed a university degree (Bachelor's degree) and have the appropriate right to a doctorate, you may be hired according to EG12 TV-L.

The position serves the purpose of academic qualification (doctorate). It is required that applicants are willing to gain further academic qualifications in the field of higher education evaluation/research.

JGU is diverse place and thus welcomes qualified applications from people with varying backgrounds.

We aim to increase the number of women in the field of research and teaching and therefore encourage female researchers to apply.

Candidates with severe disabilities and appropriate qualifications will be given preferential consideration.

Please send your complete application as a single pdf file (stating the identification no. 04923-ZQ-wiss-an) by November 27th 2023 to:
